## PROFESSIONAL EXPERIENCE

### **General Accountant** | *Holiday Inn — Toronto, ON*

May 2022 – Present

- Lead month-end and year-end closing for a multi-property, preparing consolidated financial statements and management reports on a fixed monthly deadline.
- Own balance sheet GL reconciliations and lead sheets across all accounts, investigating and resolving variances ahead of external audit; serve as a key contact for audit queries and GL extract requests.
- Work with senior management and department heads to build the annual operating budget; track budget-to-actual performance monthly and resolve variances, improving forecast accuracy for department leaders.
- Manage fixed asset schedules, reconciliations, and monthly depreciation journal entries for capital assets.
- Journalize payroll transactions, accruals, and reconciliations; previously administered full-cycle union payroll including processing, balancing, and internal control checks.
- Review and mentor junior accountants' work for accuracy and compliance; train new hires on close procedures.
- **Key results:** Reduced month-end close timeline by 20% by designing Excel templates. Improved accuracy, eliminate data entries, strengthened reconciliation documentation standards, contributing to an improved external audit rating.

**Accounting Assistant** / *Platinum Cars Inc. - Toronto, ON*

Nov 2021 – May 2022

- Prepared branch-level financial statements for review by the controller, supporting timely consolidated reporting.
- Executed month-end close journal entries (accruals, prepaids, amortization) and closed complex sales transactions in Auto Desk dealership software.
- Processed AP invoices, cheque runs, and bank wire transfers; recorded intercompany transactions and completed assigned general ledger reconciliations.
- Accounted for new inventory purchases and related COGS in line with IAS 2, supporting accurate margin reporting.
- Completed monthly bank and credit card reconciliations and e-filed HST and WSIB remittances; responded to internal and external financial inquiries.

**Financial Accountant** / *Audi — Chennai, India*

Feb 2019 – Oct 2020

- Produced daily MIS revenue reports using advanced Excel (formulas, pivot tables, conditional formatting, macros) to support real-time management decision-making.
- Filed monthly GST returns and completed related ledger reconciliations; recorded bank receipts and vendor payments in the accounting system.
- Monitored accounts receivable aging and followed up on outstanding payments to improve collections cycle time.
- Performed physical inventory audits, identified and accounted for variances, and delivered monthly bank reconciliations and ad hoc management reports.

**Junior Accountant** / *Muthusamy Associates, Chartered Accountants — Chennai, India*

Oct 2017 – Nov 2018

- Executed Excel-based reconciliation projects for finance and holding company clients.
- Worked directly with clients to determine tax liability and maintain case file documentation; trained in annual audit procedures for private companies and trust accounting.
- Supported company incorporation filings (AOA, MOA, shareholder resolutions) and GST registration/return filing; gained cross-functional training in auditing standards, corporate law, and taxation.
